Germany

Unclean empty packaging containing dangerous goods is subject to the dangerous goods law. If such packaging has to be transported, it must be completely emptied (in the case of liquids it has to be drip-free, in the case of solids it has to be free from remaining solids), the containers must be tightly closed and the dangerous goods labels must not be removed.

This transport document must be completely filled out and signed by the driver; a copy should remain with the sender.

Hazard Label	Category	Designation of dangerous goods according to 5.4.1.1.6.2.1	Amount of packaging (please fill in)				
			Jerrican 30 L	Cans 65 L	Barrel 200 L	IBC 600 L	IBC 1000 L
	5.1	Empty Packaging, 5.1					
		Empty Intermediate Bulk Container (IBC), 5.1

		Empty Intermediate Bulk Container (IBC), 6.1					

	8	Empty Packaging, 8					
		Empty Intermediate Bulk Container (IBC), 8					
	8 (6.1)	Empty Packaging, 8 (6.1)					
		Empty Intermediate Bulk Container (IBC), 8 (6.1)					
	9	Empty Packaging, 9					
		Empty Intermediate Bulk Container (IBC), 9					
		No dangerous goods					

**TRANSPORT WITHOUT EXCEEDING THE FIXED FREQUENCIES FROM THE SUB-SECTION
ADR 1.1.3.6**

Sender declaration:

It is hereby certified by the consignor that the goods are transported in accordance with the ADR regulations by road and that its condition, composition and packaging, its bulk packaging and labeling comply with the ADR. If several dangerous goods are packed together in a collective packaging or container, it is to declare that their combination is not prohibited.
